EXPERIENCE

Herzens App / FastPrj (Austria) Jan 2023 Sep 2025
Front-End Developer Remote Full-time

- Developed and maintained multiple healthcare and productivity web apps (portal.herzens.app, Herzens Management, TimeTK, internal agency tools)
- Built complete front-end of Herzens Portal and Herzens Management from scratch using Next.js 14 (App Router), TypeScript, Tailwind, Shadcn/ui and MUI
- Collaborated daily with designers (pixel-perfect implementation from Figma) and backend teams (REST + GraphQL APIs)
- Implemented responsive, accessible UIs with focus on performance (lazy loading, code-splitting, React Server Components)
- Used Zustand, Redux Toolkit + RTK Query for state management and data fetching

Freelance Front-End Developer 2021 Present
React Next.js Expo TypeScript Remote

- Started front-end journey in 2021, progressing step by step: began with vanilla JavaScript for basic web apps, then switched to React for more complex interfaces
- Worked with various frameworks (React, Next.js, Svelte) and can select the optimal one based on project requirements without limitations in usage or learning
- Delivered 25+ freelance projects: dashboards, landing pages, PWAs, Expo mobile apps
- Actively using AI tools (Cursor, Copilot, Claude) in new projects to boost productivity and code quality
- Contribute to open-source projects when time allows
